

Wheel A

Wheel B

The Story of Christmas Wheel—K-6

Recommend SREs assemble before class for K-2

MATERIALS NEEDED:

Copy on A4 card 200 gsm

1 Split pin

Masking tape

Colour pencils/felt pens

Scissors

TO ASSEMBLE:

- Cut out wheel A & B
- To reveal the pictures, make a window on wheel A by cutting on the broken lines all the way up to the star and keeping the star intact remove that section of the wheel. See assembled wheel below.
- Place wheel A on top of wheel B, pierce through the centre of both making a round hole using the centre of the star on wheel A as a guide.
- Insert the split pin through the hole of both wheels, secure by opening the pin and flatten. See below.
- To protect little fingers cover the split pin with a piece of masking tape at the back of the wheel.
- Colour and decorate.
