How could your entity implement this criterion?

The entity implements or accesses a system that:

- clearly defines 'good standing';
- verifies that an individual coming to exercise ministry in a new jurisdiction is currently in good standing;
- records visiting ministers in new jurisdictions (e.g. a sacristy register for visiting clergy to record the date, time and purpose of their attendance);
- records the movement of seminarians and candidates for formation across different seminaries or formation programs;
- updates immediately if there is a change in status; and
- has defined accountabilities, supported by education, to promote participation in the system
